# The Most Comprehensive, Evidence-based
Clinical Resource is now available for our Nurses!

Nursing Reference Center Plus™ is an evidence-based information resource designed specifically for nurses. Nursing Reference Center Plus™ focuses on ensuring that nurses have quick and easy access to the most current information. The database includes:

- Quick Lessons/Evidence-based Care Sheets
- Skills/Skill Competency Checklists
- Best Practice Guidelines
- Nursing Care Plans
- Nursing Management & Leadership Topics

- Videos & Images
- Continuing Education Modules
- Patient Education Handouts
- E-books/Links to full-text journals
- Drug Information
